Re: Agenda Item – 4/10

Please place the following agenda item on the upcoming 4/10/2012 City Council Agenda:

Council discussion and possible reconsideration of Rule 12 Hearing of Visitors and Rule 13 of the 2012 North Adams City Council Rules of Order.

Office of the City Council
City of North Adams

North Adams, Massachusetts 01247

Dear Fellow Councilors;

I have been asked by a community member to bring forward concerns regarding handicap parking in the city. Several areas have been mentioned and wanted to share them so these concerns could be brought to the appropriate committee.

1. 40 Main Street – The Holiday Inn though the address is Main St, the main entrance is accessed on American Legion Drive. Though handicap parking is available in the adjacent parking lot, the walk is substantial to gain access to the building. Is it possible to dedicate one metered space near the front entrance of hotel for handicap parking?

2. Location of handicap parking spaces in Steeple Plaza – location to park and walk required to get to ramp for retail is substantial.

3. Handicap parking for access to restaurant corner of Holden and Center St. No available handicap parking at that end of parking lot.

4. Eagle St. – I am wondering if handicap parking could be considered here as well.

These are a few areas of concern brought to my attention. I thank you for your assistance to bring the information provided to the appropriate committee.

Respectfully,

Nancy P. Bullett

The Honorable City Council
Re: Delinquent payments

Honorable Members:

Several weeks ago Councilor Marden through Council requested information on delinquent taxes and other municipal payments. I have enclosed for your review three sheets outlining tax, excise, and water and sewer assessments and payments representing FY2007-FY2011.

As you will note, numbers have been fairly consistent but have trended downward over the past couple of years. Administrative Officer Canales has done much of this research and as part of this exercise, is examining not only fiscal trends but also policies and procedures surrounding collection efforts in the City.

Mr. Canales will discuss some of the details of the reports at the meeting but because of the complexity of the topic, I would ask that this be referred to Finance Committee for further discussion not only on the numbers but also on our recommendations for collection efforts going forward.

Sincerely,

Richard J. Alcombright

The Honorable City Council
Re: McCann Regional Agreement

Honorable Members:

At the last meeting, I mentioned that I would be bringing to Council the new McCann Technical School Regional Agreement. This document was endorsed by the District Expansion Planning Committee and approved by their School Committee on April 5th. In that regard, I am enclosing the Agreement as well as Superintendent Brosnan's letter to me regarding this matter.

The new Agreement has been put in place to allow the Towns of Cheshire and Lanesboro to join the District. In addition, the Agreement has been approved by the Massachusetts Department of Elementary and Secondary Education (DESE) and affects the City in two ways:

1. With this Agreement, we should see a slight reduction in our capital assessment as two additional communities will share in those costs.
2. This Agreement and per DESE will require the City to have 5 elected members on the McCann School Committee. As you know, we now have 4 elected and 1 appointed from the North Adams School Committee. The important consideration is that we maintain our level of membership on the Committee at 5.

Additionally, the City Solicitor has reviewed the document and found no issues.

The Agreement has to be approved by all 7 member municipalities and I would ask that Council move and vote to approve the new District Agreement as presented. Superintendent Brosnan will be at the meeting to answer any questions you may have.

Sincerely,

Richard J. Alcombright
Mayor

Dear ~~Mayor~~ Alcombright,

I have enclosed a copy of the proposed amendment Northern Berkshire Vocational Regional School District Agreement which was approved by the school committee tonight, April 5, 2012, at its regularly scheduled meeting. This proposed amendment was approved by the Massachusetts Department of Elementary and Secondary Education on March 28, 2012 and endorsed by the district expansion planning committee on March 29th.

We are most proud that our original 1958 agreement was the first regional vocational agreement in the Commonwealth and have the confidence that our document will once again serve as a model for all of the current 26 regional vocational school districts. We were awarded a Community Innovation Challenge Grant which will cover the costs of review by your legal counsel. Please forward that name and contact information to me at your earliest convenience so that I may pass on to our district legal counsel, Attorney Philip Grandchamp. I would like to meet with you and any committees as you may deem appropriate to review the proposed amendment prior to a vote at your city council meeting.

I will continue to update you on this issue and we appreciate the continued strong community support we receive from you. If you have any questions or require any additional information please do not hesitate to contact me at jbrosnan@mccanntech.org or 413-663-5383.

Very truly yours,

SECTION IV

APPORTIONMENT AND PAYMENT OF COSTS INCURRED BY THE DISTRICT

Classification of Costs

For the purpose of apportioning assessments levied by the District against the member municipalities, costs shall be divided into three categories: capital costs, operating costs and transportation costs.

A. Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing, and adding to buildings, and the cost of remodeling or making extraordinary repairs to a school building or buildings, including without limitation the cost of the original equipment and furnishings for such buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions and related premises in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes or other obligations issued by the District to finance capital costs. Capital costs will include capital outlay appearing in the 7000 DESE functions codes.

1. Apportionment of Capital Costs

Capital costs incurred in connection with the construction, equipping and placing in operation of the initial district school building, including the payment of principal of and interest on bonds, notes or other obligations of the District issued to finance such capital costs, shall be apportioned on the basis of the member municipalities' equalized valuations and population, determined as to any member municipality by adding together the ratio which its equalized valuation bears to the total equalized valuations of all the member municipalities and the ratio which its population bears to the total population of all the member municipalities and dividing this sum by two. Equalized valuation as used in this clause (1) shall be the valuation of each member municipality as determined by the Massachusetts Department of Revenue (DOR) and population as used in this clause (1) shall be the population of each member municipality according to the latest state census as determined by the DOR. The ratio for each particular borrowing shall not be changed during the period in which such bonds, notes or other obligations are outstanding except when a new town or towns are added to the district whereupon the capital cost will be recalculated consistent with this section (1). Also, the capital costs will be recalculated upon adoption and acceptance by the towns of Cheshire and Lanesborough.

2. Capital costs other than those apportioned pursuant to clause (1) of this subsection shall be apportioned consistent with Section B (1).

B. Operating Costs

Operating costs shall include all costs not included in capital costs as defined in Section IV (A), including but not limited to interest on temporary notes issued by the District in anticipation of revenue.

1. Assessment of Operating Costs

Operating costs will be assessed to each member municipality using the statutory method. For each fiscal year, the assessment of operating costs for each member municipality will be the sum of the following: (a) the member's required local contribution to the District (municipal minimum contribution) as determined by the Commissioner; (b) the member's share of that portion of the District's net school spending, as defined by M.G.L. c. 70, §2, that exceeds the total of the required local contributions for all members; and (c) the member's share of costs for transportation

2. All amendments to this regional agreement must be presented to the Commissioner of Elementary and Secondary Education in a timely manner prior to scheduled town votes. All amendments, including an amendment to add a new member or to provide for the withdrawal of an existing member is subject to the approval of the Commissioner. A new member may be admitted to, or an existing member may withdraw from, a regional school district as of July 1 of any fiscal year, provided that all requisite approvals for such admission or withdrawal, including the Commissioner's approval, shall be obtained no later than the preceding December 31. The authorizing votes may provide for the deferral of said admission or withdrawal until July 1 of a subsequent fiscal year.

B. Procedure

Any proposal for amendment, except a proposal for amendment providing for the withdrawal of a member municipality (which shall be acted upon as provided in Section VIII), may be initiated by a two-thirds vote of all the members of the Committee or by a petition signed by 10% of the registered voters of any one of the member municipalities. In the latter case, said petition shall contain at the end thereof a certification by the town or city clerk of such member municipality as to the number of registered voters in said municipality according to the most recent voting list and the number of signatures on the petition which appear to be the names of registered voters of said municipality and said petition shall be presented to the secretary of the Committee. In either case, the secretary of the Committee shall mail or deliver a notice in writing to the selectboard of each of the member towns and to the city council of North Adams that a proposal to amend this agreement has been made and shall enclose a copy of such proposal (without the signatures in the case of a proposal by petition). The selectboard of each member town shall include in the warrant for the next annual or a special town meeting called for the purpose an article stating the proposal or the substance thereof. Such amendment shall take effect upon approval of the Commissioner and upon its acceptance by all of the member municipalities, acceptance by each town to be by a majority vote at a town meeting as aforesaid and acceptance by the city of North Adams to be by a majority vote of its city council.

SECTION VII

ADMISSION OF ADDITIONAL TOWNS TO THE DISTRICT

SECTION VIII

SECTION X
