COMMUNICATION

To: City Councillors

From: Eric Buddington

Subject: Open Checkbook policy

Date: April 14, 2015

Our state government has adopted an Open Checkbook system which publishes a great deal of state spending, including salaries of state employees and payments to vendors.

At the urging of two residents, I would like to find ways to publicize similar information at the City level. I hope this would lead to more productive discussions regarding the City's finances.

Given the potentially broad scope of this issue, I suggest this would be best discussed in committee.
